OX ID FORUM

This 1-day event that will involve professors from **OXFORD, INDOONESIAN GOVERNMENT**, and **UNESCO** representatives is our most ambitious project yet. These experts will be discussing the issues of Nature, Culture, and Adventures of our motherland.

Happening in October 2015, OX-ID Forum endeavours to establish cooperation between the government and private sectors from Indonesia with the academics at Oxford to preserve our nature and culture and promote ecotourism and adventures that only Indonesia can offer. Related exhibitions, videos from Indonesian provincial governments, and **GALA CULTURAL NIGHT** are presented to enrich the knowledge of our international participants.

THE ACADEMIC SCENE

Oxford is famous for being a very academic city and OXIS certainly doesn't disappoint. We are always up-to-date with the hot topics in Indonesia through the bi-monthly **OXFORD I-TALKS** given by prominent Indonesian figures to interested students in Oxford.

OXFORD EDUCATION DAY and **PPI OXFORD GOES TO CAMPUS**, targeted to people in the UK and Indonesia respectively, offer potential applicants insiders' tips on how to get here!

We also have other programmes including **SAINTIA** (website about science, available in Bahasa Indonesia), **PPI OXFORD TUTORIAL**, **PPI Exchange**, **OXFORD SHARING SESSION** (for students to share about their research), **OXFORD ONLINE OLYMPIAD** (an online challenge to come up with the best tools to educate the public).

IN THE MARKETPLACE

But we are not all about studying either; we are entrepreneurial individuals too! Staying true to our value of Creativity, we seek to fund our own programmes.

Through **PPI OXFORD BUSINESS UNIT**, we run innovative projects to generate funds for our internal events and make our society sustainable.

PRESERVING AND SPREADING INDOONESIAN CULTURE

Despite living in a faraway land, our hearts are always with Indonesia. And that is why we still continue to hold flag raising ceremony on **17TH AUGUST** every year and our **OXIS CHOIR** practise every week to deliver the best renditions of Indonesian folk songs during our concerts

But, we don't just stop there. We also do our best to let the British and other people know about Indonesian culture by participating in **COWLEY ROAD CARNIVAL** and various

FOOD FESTIVALS, wearing **BATIK ON FRIDAY**, as well as organising **OXIS CUP** (a competition between 4 countries in badminton, basketball and football).

IN THE MEDIA

Many people are curious what Oxford is like and what we've been through in one of the world's best universities. Featuring the lives, achievements, aspirations of our members in this city of dreaming spires, **OX-CHANNEL** seeks to inspire and educate people who are considering enrolling at Oxford.

Articles written by our members are also often featured in **KOMPASIANA**. And you can always access us on our social media channels.

And of course we don't forget to socialise among ourselves. The Secretariat at OXIS organise **MEET & GREET** to welcome new members, **FAREWELL PARTY** for leaving members as well as other **SOCIAL EVENTS**, such as **HALAL BI HALAL**, **CHRISTMAS & NEW YEARS SHOPPING**, **CHINESE NEW YEARS DINNER**, **SUMMER TOUR** and **'NONTON BARENG'** to make sure that we know each other well enough to work together and deliver the best programmes possible.

Oxford Indonesian Society (OXIS), unlike any other student societies, is comprised of not only students but also the Indonesian community living in the city. Under the leadership of our president Yudhistira Nugraha, all of OXIS' activities are based on 4Cs: **COMMUNITY COLLABORATION, CONTRIBUTION AND CREATIVITY**.
